

Ask for Your Responding the Course Engagement Questionnaire in the first semester and second quarter

The Nagasaki University conducts the Course Engagement Questionnaire in all classes including practical subjects.

This “Course Engagement Questionnaire” is intended to give you the opportunity of reviewing your learning in the class as well as to improve faculty’s lectures and university education. The aggregate results of each class and feedback from the faculty are available in the syllabus system after a certain period of time.

Please access the Course Engagement Questionnaire site of the NU-Web system and answer the questions.

Your answers will NOT affect any grading. We kindly ask for your cooperation.

Please note that this email is sent to students who are eligible for the first semester and second quarter survey. In the unlikely event that this is not the case, please be patient.

Classes surveyed: All classes offered in the first semester and second quarter (including practical subjects)

Time for response: Thursday, July 17th to Wednesday, August 20th in 2025.

How to access: Log in from the NU-Web system, go to “Questionnaire” and then “Course Engagement Questionnaire”.
